| November 15 <sup>th</sup><br>6 pm              | Developing Strengths by learning from NACWE Members   |

## It's all about Layering

Many of us know the styles today call for a lot of layering. It's all in the look and feel of putting ourselves together one layer at a time. Well, let's think about that for a moment with regard to our personal growth. To really pull the pieces of self-awareness together, we also start with a layering effect. We put a little of this knowledge here for understanding and add a different accessory of insight to color just a little more there. Before long, we notice that together – all of these pieces have created a vibrant and powerful combination! It's a good feeling to be “put together,” isn't it?

Offering StrengthsFinder sessions in a series of different formats is just that – a layering of learning about yourself and others so that we – women of NACWE – will be strong and vibrant - put together for a divine purpose of serving God by serving others! Understanding our gifts and strengths more fully helps us do just that – yet in a way that is engaging and powerful!

We hope you will join us for any or all of these sessions!

The National Association of Christian Women Entrepreneurs was born out of a passion to connect women who are ready to create, collaborate, and contribute to changing the world. Our desire is to unite under a common goal of helping one another to succeed and thrive in business. We are blessed to share in a common faith in Jesus Christ and yet know that we might each choose to worship in a different way.
